please note!

This brake calculation is made under consideration of:
 -the legal prescriptions mentioned above in the version valid
 at the time of making the program (V6.13.06.12)
 -the functional characteristics of our products
 as well as the data of the brake out of the test
 approvals of the axle manufacturers, and
 -the other vehicle data included in the brake calculation.
 Please check whether these data correspond to the actual vehicle data.
 Our conditions of delivery apply (particularly section 9.0).
 In any case we recommend to do a braking harmonisation!
